King Philip's War: Based on the Archives and Records of Massachusetts, Plymouth, Rhode Island and Connecticut, and Contemporary Letters a George W. Ellis, John E. Morris

KING PHILIP'S WAR is Ellis and Morris' renowned study of the Indian uprising that occurred after more than a half-century of peaceful co-existence with the English settlers. Metacomet, son of Massasoit of the Wampanoag tribe, led an uprising in 1675 that would later be known as King Philip's War. The Natives' resistance to increased English demand for food, land and the acceptance of English laws finally escalated into open revolt. The Nipmuck, Narragansett and Wampanoag tribes united to preserve their way of life in a doomed fight that killed over six hundred colonists and three thousand natives resulting in the virtual destruction of the tribes and opening southern New England to unimpeded colonial expansion. Using original colonial documents, the authors researched published and unpublished archives and correspondence creating KING PHILIP'S WAR. Through these pages the reader can relive the battles that eventually led to the demise of the Indian way of life in this era.
