Effective Practice in Youth Justice Martin Stephenson, Henri Giller, Sally Brown

Providing a comprehensive and up-to-date review of research and the implications for practice, the second edition of *Effective Practice in Youth Justice* considers core areas of youth justice practice, such as how to engage young people effectively within the context of recent changes to the youth justice system brought about by the introduction of the scaled approach and the Youth Rehabilitation Order. It also provides an overview of the available research in specific areas of practice, including assessment; planning interventions and supervision; mental health; substance misuse; restorative justice; education, training and employment; and custody and resettlement.

The content has been specifically developed to meet the needs of students taking Youth Justice Board (YJB) sponsored courses with the Open University and is required reading for many of these. The book is also an essential resource for professionals working within the youth justice system, those training to work in youth justice, and students taking courses in youth justice or related subjects.
