## **Messenger (Guardian Series Book 2)** A.L. Crouch

When Logan Foster sees visions of a mysterious red-haired woman who warns him of catastrophic events to come, he thinks he is losing his mind. He tells himself that she is a figment of his guilt-ridden mind. When he is referred to psychologist Willow Prichard, she wants to dismiss Logan as delusional, but there is something oddly familiar about his stories of a visiting angel.

When news spreads of the sudden deaths occurring at a popular marathon series around the country, Logan knows he has to do whatever he can to stop them - an impossible mission since he is serving a hefty prison sentence for involuntary manslaughter. Now Logan must figure out how to be heard when society has locked him away to be forgotten.

Who will heed the warning that will save lives when it comes from a man who has taken them?
