**Savage Kingdom: The True Story of Jamestown, 1607, and the Settlement of America** Benjamin Woolley

Four centuries ago, and thirteen years before the *Mayflower*, a group of men—led by a one-armed ex-pirate, an epileptic aristocrat, a reprobate cleric, and a government spy—arrived in Virginia aboard a fleet of three ships and set about trying to create a settlement on a tiny island in the James River. Despite their shortcomings, and against the odds, they built Jamestown, a ramshackle outpost that laid the foundations of the British Empire and the United States of America.

Drawing on new discoveries, neglected sources, and manuscript collections scattered across the world, *Savage Kingdom* challenges the textbook image of Jamestown—revealing instead a reckless, daring enterprise led by outcasts of the Old World who found themselves interlopers in a new one.
