The Trial and Death of Socrates

Plato

The Trial and Death of Socrates Plato

Plato is among the most influential philosophers of all time. Along with his teacher Socrates and his pupil Aristotle, he can be said to have laid the foundations for Western philosophy, science and ethics, as well as establishing the first academy for higher learning in the Western world.

Socrates is one of the great figures of Western history and the founding father of its philosophical tradition. In the *Dialogues*, by his pupil and fellow philosopher Plato, a fascinating portrait emerges of a man who spurned material wealth and believed above all in learning and inquiry. *Apology*, *Crito*, and *Phaedo* recount Socrates' trial on charges of corrupting the youth of Athens, his defiance of the court, and his last days in jail passed in discussion with friends. They form an excellent introduction to a courageous and captivating figure who paid with his life for the right to free thought. This hardcover edition contains page decorations throughout and an introduction by Dr. Emma Woolerton and the text of the acclaimed translation by classicist Benjamin Jowett.
