A person acts and feels not according to what things are really like but according to his mental image of what they are like. Since imagery often determines destiny, it is important to govern that which governs us, the imagination. Scripture provides extensive information about how one's imagination relates to God, worship, temptation, depression, faith, fear, self-image, friendship, finding life's purpose, pursuing life's dream, and engaging others in evangelism. This book will appeal: to those who want their imagination to function intentionally with God's resources instead of instinctively with Satan's resources to those who want to guide their imagination with a spiritual skillset that stops their imagination from hurting them to those who don't want God to become a faceless blur in the landscape of life but want a more vivid vision of Him to those who want their dreams to power through rough waters, instead of being a rudderless whim or a shipwrecked fantasy in need of another rescue to those who want holiness to be an attainable, sustainable reality and do not want the yo-yo lifestyle that is too well acquainted with moral defeat
