Acute Renal Failure in the Intensive Therapy Unit (Current Concepts in Critical Care)

Acute Renal Failure in the Intensive Therapy Unit (Current Concepts in Critical Care)

A workshop was organised in order to achieve multi-disciplinary review of the pathogenesis and management of acute failure, particularly as it occurs and is managed in intensive therapy units. The book deals with the realities and practicalities of this important area of acute medicine. Each chapter is followed by a discussion, so that a consensus view is obtained from an international body of experts.
