## Robert Mapplethorpe: Autoportrait

Robert Mapplethorpe is best known for his intentionally shocking, often sculptural erotica and his exquisite minimalist floral images. His earliest and most frequent subject was himself, in various guises that celebrated his ego, his body, and his sexual preferences. Taken in the early 1970s, these 65 self-portraits, most previously unpublished, create a window into the soul of a complex artist, and present Mapplethorpe's singular vision that helped shift the direction of late-20th-century art. As with all Arena Editions publications, this book features top-of-the-line production values, with beautiful papers, printing, and binding.
