## Science...For Her!: A politically, scientifically, and anatomically incorrect textbook beautifully tailored for the female brain Megan Amram

“One of the funniest—and most subversive—books of the year” (*Esquire*): Megan Amram, a writer for *Parks and Recreation*, delivers a politically, scientifically, and anatomically incorrect “textbook” that will have women screaming with laughter, and men dying to know what the noise is about.

“Laugh-out-loud funny...an exuberantly scathing takedown of the sexism lurking within the fun, flirty pages of women’s magazines” (*The Boston Globe*), *Science...for Her!* showcases Megan Amram’s fiendish wit with a pitch-perfect attack on everything from those insanely perky tips for self-improvement to our bizarre shopaholic dating culture to the socially mandated pursuit of mind-blowing sex to the cringe-worthy secret codes of food and body issues.

Part incisive farce, part biting commentary on gender, this “hilarious feminist manifesto for the modern era” (*Salon*) blends *Cosmo* and science to highlight absurdities with a machine-gun of laugh-inducing lines that leave nothing and no one unscathed. Subjects include: this Spring’s ten most glamorous ways to die; tips for hosting your own big bang; what religion is right for your body type; and the most pressing issue facing women today: kale!!!

This “giddily demented” (*The Washington Post*) satirical gem is “comedy-as-borderline-art” (*Flavorwire*). “*Science...for Her!* is a triumph that anybody with a sense of humor will appreciate” (*People*).
