**Health Policymaking in the United States, Fifth Edition** Beaufort B. Longest, Jr.

This new edition further clarifies health policy formulation, implementation, and modification. The policymaking process is brought to life through excerpts from congressional testimony, news stories, executive orders, legislation, and other documents related to real-world policy issues. Students will acquire the background they need to analyze the effects of health policies and influence the policymaking process. The book also provides a framework for understanding the development of today's health reform legislation.
