The Truth About the Titanic Archibald Gracie

With time running out and the decks awash with the sea, first-class passenger Archibald Gracie was one of the last people to escape the sinking of the *Titanic*, clinging to an overturned collapsible boat before being rescued. Once safe on the *Carpathia*, Gracie immediately began writing what has become one of the definitive books on the tragedy. *The Truth About the Titanic* is Gracie's detailed account of not just his experience the night of April 15, 1912, but that of each of the lifeboats launched that night, as well as the testimony at the inquiry that followed. Although Gracie died before his book was published, *The Truth About the Titanic* is recognized as one of the most complete and accurate accounts of the tragedy.
