This book is for all the people in the world who have never been the first in anything.

This book is not about Superman, Spiderman or Marlboro man.

This book is about an ordinary man that nobody cares about these days anymore

and how his way of thinking has been changing from the age of 15 to the age of 50 from the point of view of love, sex, marriage, politics, alcohol, cigarettes.....

This book may even change the way you look at life around you too.
