**For survey courses in Italian Renaissance art.**

*A broad survey of art and architecture in Italy between c. 1250 and 1600, this book approaches the works from the point of view of the artist as individual creator and as an expression of the city within which the artist was working.*

*History of Italian Renaissance Art, Seventh Edition, brings you an updated understanding of this pivotal period as it incorporates new research and current art historical thinking, while also maintaining the integrity of the story that Frederick Hartt first told so enthusiastically many years ago. Choosing to retain Frederick Hartt's traditional framework, David Wilkins' incisive revisions keep the book fresh and up-to-date.*
