Partial Verdicts: Essays on Law and Life Daniel J. Kornstein

In these illuminating and often eloquent essays, a practicing lawyer with almost thirty-five years of experience explores various aspects of his profession. But this book is not for lawyers only. It does for law what Lewis Thomas's *Lives of a Cell* did for biology. It uses a particular discipline as a springboard for provocative and entertaining musings of a general nature. Rather than narrow, technical discussions, these delightfully written essays are a free play of the imagination - by turns serious, whimsical, meditative, witty - that allows our minds to dance with ideas about law and its links with many other subjects. Kornstein's four previous books have drawn warm praise. The *Wall Street Journal* called one "a book that deftly and lovingly discusses the law and those who build their careers on it." "Thorough and lucid," said the *Times Literary Supplement* of another. The *Journal of Legal History* described how the author's "enthusiasm positively leaps from the page." According to *Choice*, Kornstein's influential book about Shakespeare and the law (*Kill All the Lawyers?*) "stands as a testimonial to cultural literacy at its best. To have a [book] as carefully researched and gracefully written as this emerge from a literate lawyer's pen is modestly reassuring about the future of culture itself." Daniel J. Kornstein is a founding partner of Kornstein Veisz Wexler & Pollard, LLP, a law firm in New York City. In addition to a busy law practice, he writes frequently on law-related topics with, according to the *Yale Journal of Law and Humanities*, "the distinctive voice of an American lawyer [who] speaks to our era in the polished cadences of an experienced advocate."
