The Alex Cave Series. Book 3. Red Energy (Volume 3) James M Corkill

A piece of advanced technology could cause the eruption of the Yellowstone Super volcano.

In this action packed science fiction adventure from bestselling author, James M. Corkill, geologist Alex Cave begins the recovery of a strange object in the Bering Sea and is betrayed by one of the crew, who steals the powerfully destructive device. They also kidnap his close friend, the only person who knows how it works. He knows if this technology falls into the wrong hands, it could cause an extinction level event.

He begins a desperate search to find it, only to discover that the device is about to initiate the eruption of the Yellowstone Super Volcano, which will kill every living thing on the planet.

Moreover, his past actions while working for the CIA have come back to haunt him, and his loved ones are put in grave danger. On this emotional rollercoaster, Alex literally feels the weight of the world on his shoulders as he is torn between saving the ones he loves, and saving humanity from extinction.

Can Alex and his friends find a solution for this dire situation? Find out in this epic adventure by James M. Corkill.
