Winner of the Francis Parkman Prize, Society of American Historians

“A tour de force. . . . No one has ever written a book on the Declaration quite like this one.”?Gordon Wood, *New York Review of Books*

Featured on the front page of the *New York Times*, *Our Declaration* is already regarded as a seminal work that reinterprets the promise of American democracy through our founding text. Combining a personal account of teaching the Declaration with a vivid evocation of the colonial world between 1774 and 1777, Allen, a political philosopher renowned for her work on justice and citizenship reveals our nation’s founding text to be an animating force that not only changed the world more than two-hundred years ago, but also still can. Challenging conventional wisdom, she boldly makes the case that the Declaration is a document as much about political equality as about individual liberty. Beautifully illustrated throughout, *Our Declaration* is an “uncommonly elegant, incisive, and often poetic primer on America’s cardinal text” (David M. Kennedy). 35 illustrations
