Bernard Malamud

Natural Bernard Malamud

The classical novel (and basis for the acclaimed film) now in a new edition

Introduction by Kevin Baker

The Natural, Bernard Malamud's first novel, published in 1952, is also the first—and some would say still the best—novel ever written about baseball. In it Malamud, usually appreciated for his unerring portrayals of postwar Jewish life, took on very different material—the story of a superbly gifted “natural” at play in the fields of the old daylight baseball era—and invested it with the hardscrabble poetry, at once grand and altogether believable, that runs through all his best work. Four decades later, Alfred Kazin's comment still holds true: “Malamud has done something which—now that he has done it!—looks as if we have been waiting for it all our lives. He has really raised the whole passion and craziness and fanaticism of baseball as a popular spectacle to its ordained place in mythology.”

From reader reviews:

Nora Cordova:

With other case, little men and women like to read book Natural. You can choose the best book if you'd prefer reading a book. Provided that we know about how is important some sort of book Natural. You can add knowledge and of course you can around the world by a book. Absolutely right, mainly because from book you can realize everything! From your country until foreign or abroad you may be known. About simple issue until wonderful thing it is possible to know that. In this era, you can open a book or maybe searching by internet gadget. It is called e-book. You may use it when you feel bored to go to the library. Let's learn.

Douglas Holmes:

Nowadays reading books be a little more than want or need but also be a life style. This reading routine give you lot of advantages. Associate programs you got of course the knowledge the particular information inside the book which improve your knowledge and information. The info you get based on what kind of reserve you read, if you want send more knowledge just go with education books but if you want really feel happy read one together with theme for entertaining including comic or novel. The actual Natural is kind of guide which is giving the reader erratic experience.

Stephen Phelps:

Reading a guide can be one of a lot of task that everyone in the world loves. Do you like reading book so. There are a lot of reasons why people enjoyed. First reading a guide will give you a lot of new facts. When you read a reserve you will get new information due to the fact book is one of various ways to share the information or even their idea. Second, studying a book will make anyone more imaginative. When you reading through a book especially tale fantasy book the author will bring you to imagine the story how the characters do it anything. Third, you are able to share your knowledge to some others. When you read this Natural, it is possible to tells your family, friends along with soon about yours publication. Your knowledge can inspire average, make them reading a guide.

Tammy Dorris:

Reading a e-book tends to be new life style in this particular era globalization. With looking at you can get a lot of information that could give you benefit in your life. Along with book everyone in this world can easily share their idea. Textbooks can also inspire a lot of people. A lot of author can inspire their own reader with their story or even their experience. Not only situation that share in the textbooks. But also they write about the knowledge about something that you need instance. How to get the good score toefl, or how to teach children, there are many kinds of book that exist now. The authors on this planet always try to improve their talent in writing, they also doing some research before they write to their book. One of them is this Natural.
