Understanding Reynolds Price (Understanding Contemporary American Literature) James A. Schiff
In the first critical analysis of Reynolds Price's writings to appear in more than a decade, James A. Schiff traces the development of one of America's most esteemed writers from the publication in 1962 of his award-winning first novel, *A Long and Happy Life*, to the arrival in 1995 of the long-awaited third volume of his Mayfield trilogy, *The Promise of Rest*. Demonstrating how literary trends have often run counter to Price's career, Schiff argues that Price has remained committed to a personal vision unlike that of any contemporary American writer.
