Doctor **Anita Fruman** was one of the most-respected urologists and surgeons in Miami. She'd earned millions performing circumcisions on newborn little boys, and seemingly had it all. A successful career, a gorgeous penthouse and a BMW.

But on one fateful day, Anita's world comes crashing down around her - as she's kidnapped from her garage by masked thugs calling themselves 'Intactavists.' Beaten and bound, she's dragged out to the everglades, and strapped to a chair in a dark and dingy abandoned warehouse.

There, her captors reveal row upon row of surgical tools and razor sharp scalpels - and, as they strip her from the waist down, chillingly promise: "Don't worry. We're only going to do to you what you do to countless little boys *each and every day.*"

**A supremely chilling story of extreme medical horror, *Cut Up* will frighten you to your very core, and challenge every ethical preconception you have.**
