Essential Oils For Your Pet: Safe, Simple and Natural Home Remedies For Your Dog and Cat Shehan Peiris

Do you love your pet? Well, what kind of a question is that? Of course I do! And you also believe that this yearly check up by an extremely competent authority (in this case a veterinary doctor) would add some more healthy years into the actual lifespan of your dear pet, correct? However, in reality this is not the case. Most veterinary organizations have data that proves that the lifespan of pets in America has actually decreased by half of what it used to be in the early 1950's. The reason for this is the manner in which we are treating our adorable companions. We think that we are doing everything that is right for our pets, we get them the fanciest of the food, clothes and toys and the moment they fall sick, we rush to a veterinarian who looks at the symptoms and treats our pets. And this is where the problem lies, the veterinarian only treats the symptoms – he does not treat the complete animal! This is also one of the main reasons why the world today is shifting towards holistic medicine. Did you know that Aromatherapy or use of essential oils and aromatic plant extracts for the purposes of healing is no longer 'just for humans?' Essential Oils can be used for pets too! This book will teach you how!
