Christine Daniel MD

If There is a God, Why Do Bad Things Happen to Good People? Christine Daniel MD

The book covers some of the miracles in my medical practice, including a dead child raised from the dead through prayer. It deals on my conversion and the health challenges that only God could have delivered me from, it covers my bout with bereavement during the death of my father and how my faith in God saw me thru this most difficult time. The book answers the most common question asked by people when sickness or disaster strikes. Where is God ,if there is a God, how could all these horrible problems happen to good people, especially children.
