Resistance to Change: A Guide to Harnessing Its Positive Power Thomas R. Harvey, Elizabeth A. Broyles

Resistance is at the heart of the change process, yet it is often overlooked or perceived as a negative force. This book explores resistance as a natural, positive, and necessary component of change. Twenty discrete resistance factors_likely to be found in a variety of circumstances_are described. The short vignettes that accompany each make the resistance factors come alive. Beyond gaining greater insights into the nature of these sources of resistance, the reader is provided with specific strategies, or antidotes, to harness the power of resistance, transforming it from a negative to a positive force. An included survey tool, built based on questions presented at the end of each chapter, will assist leaders in assessing potential sources of resistance to change events. An eight-step resistance-based change model_transactional in nature and simple in application_supports the reader in successfully moving nearly any change project toward a positive outcome.

From reader reviews:

Steve Adams:

Precisely why? Because this Resistance to Change: A Guide to Harnessing Its Positive Power is an unordinary book that the inside of the publication waiting for you to snap this but latter it will shock you with the secret this inside. Reading this book next to it was fantastic author who have write the book in such wonderful way makes the content interior easier to understand, entertaining way but still convey the meaning entirely. So , it is good for you for not hesitating having this ever again or you going to regret it. This phenomenal book will give you a lot of advantages than the other book have such as help improving your skill and your critical thinking way. So , still want to postpone having that book? If I have been you I will go to the guide store hurriedly.

Sandy Gonsalves:

Playing with family in a very park, coming to see the sea world or hanging out with close friends is thing that usually you could have done when you have spare time, subsequently why you don't try thing that really opposite from that. One particular activity that make you not feeling tired but still relaxing, trilling like on roller coaster you have been ride on and with addition info. Even you love Resistance to Change: A Guide to Harnessing Its Positive Power, you are able to enjoy both. It is good combination right, you still want to miss it? What kind of hangout type is it? Oh seriously its mind hangout fellas. What? Still don't obtain it, oh come on its identified as reading friends.

Roger Cooper:
