## **Zoo in the Sky: A Book of Animal Constellations** Jacqueline Mitton

This award-winning book capturing the glittering light show of the constellations is now available in paperback.

Take an illuminating ride through the starry night sky with National Geographic's *Zoo in the Sky!* Little Bear and the Great Bear in the Northern Sky; the scaly dragon winding his long tail; the Great Dog chasing the Hare in the Southern Sky; all are beautifully rendered in Christina Balit's vibrant art, studded with shiny stars, which perfectly illustrates Jacqueline Mitton's rich text.

Awards include: Parent's Guide to Children's Media Award Parent Council Award REVIEW(S): "A visually dynamic introduction to the animal constellations." —*Booklist*

"Mitton offers poetic, abbreviated legends of the nighttime sky, while Balit's paintings, highlighted by shimmering silver stars, give visual meaning to the text." —*Kirkus Reviews*

"This is an attractive introduction to astronomy... [T]he simple poetic descriptions will capture the attention of preschoolers and early elementary-age children alike. A brief explanation of stars and constellations rounds out this lovely and unusual offering." —*School Library Journal*
