Blue Planet Project John Galt III

Completely reformatted June 2015. Finally, a book that answers the question why the aliens are so interested in us. But more importantly, you will discover something never before revealed . . . "why are the aliens of afraid of us?". What is it about humans that is unique among all other life forms in the universe. Is this our "ace in the hole" or are they trying to figure out how they can use this "uniqueness" against us?

The following document is believed to be the personal notes and scientific dairy of a scientist who was contracted by the government over several years to visit all crash sites, interrogate captured Alien Life Forms and analyze all data gathered from that endeavor. He took detailed notes on any documents he came in contact with that were related to directly or indirectly to the organization, structure and operation for the collection of such data.

** Beware of naysayers who don't want you to see the "complete" version of this book. This "raw" unedited document has been formatted for Kindle but is otherwise unchanged so as not to diminish the original intent.

Graphics have been fully optimized and resizable (if your device supports resizing) including all flow charts and alien images.
