End of Eternity Loretta Lost

She thought her life was getting better.

Until she found her new husband hanging from a chandelier...

Six months pregnant and devastated, Carmen Winters is forced to pick up the pieces of her shattered life. Before she can even begin to grieve, she finds herself being pursued by Bradford West, her late husband's best friend. Brad's strange behavior puzzles Carmen, but she is too distraught and overwhelmed to push him away.

As she grows obsessed with understanding the madness that took her husband, Carmen finds her own mind unraveling dangerously to the brink of insanity. She is convinced that her sister Helen was the last person to see her husband alive, and might have some information about his death.

When a kind doctor named Owen takes an interest in Carmen's well-being, she finds herself slowly beginning to recover. His infectious sense of humor is able to distract her from her misery, and she finds herself leaning on her new friend for support.

But Carmen doesn't know that there are darker events to unfold that could destroy what little sanity she has left...

****This is book one of a series. Expect cliffhangers. The Clarity series is the prequel to End of Eternity.****
